Our Mission Statement

The mission of the Tishomingo County GEMS Program is to identify and serve the intellectually gifted student. This process will develop individual talents both educationally and emotionally through a qualitatively differentiated curriculum in a safe environment.

Defining Giftedness

Gifted children are reflected in every ethnic, racial, and socioeconomic group. They come in all shapes and sizes, with differing strengths and ability levels. Gifted children are as diverse as humanity itself. Generally speaking, gifted learners possess high levels of intelligence, creativity, critical and creative thinking, and intellectual curiosity. They may require fewer repetitions to process and understand information than traditional learners.

Common Characteristics

- Good problem-solving abilities
- Learns rapidly
- Extensive vocabulary
- Good memory
- Longer attention span
